

# After the Bell

## About us

After The Bell functions as a holistic and complete in-house after school child care service that is made up of professionals who have a love and a desire towards the growth of children in their care. After The Bell also functions as a means to assist in the development of the child while the parent is unavailable. Our main aim is to supplement academics; introducing children to programs, skills and activities that will encourage intellectual, creative and social growth.

## Mission statement

Shepharding children towards invaluable life skills in a nurturing and wholesome environment while providing fun, stimulating, safe experiences for each child in which learning and helpful interaction ensues.

## Services

**WEEKDAY CARE:** Our **Week-Day Care** is our core service. The center opens from 3:00PM to 7:00PM and is designed to take care of school aged children (3 to 11 years old). Inclusive of this service is: homework assistance, life skills interactive sessions, team building events, computer and internet use for school related projects, access to a library of child appropriate books and classic children movies, storytelling, live entertainment and intellectual stimulation via Classroom Jeopardy competitions that are aligned with schools' curriculum.
