

A Contemplative Therapeutic Commune

Let Nature Lift Your Spirit

At Earth Village, immerse you and your family in the tranquil wonder of nature. Enjoy petting rabbits, ducks, chickens and horses with your children. Come horse riding, camping or take a special "Discover Nature" Tour through Earth Village's forest. Wild tamarind, mahogany and pigeon plum line the shady cleared paths. Enjoy the sense of nature and teach children about our island environment. Your guide points out bush medicines, native flora and birds. Our 600 feet long water wells teem with fish and special flora. Rest for a water break under madiera and gum elami. The tour ends with some delicious pastries and down home "Switcher" Bahamian Lemonade. For a relaxing time that's full of wonder, book a nature-full experience by calling:
